*NOTE: Some features and options may not be available when a boat is built for regions outside North America and/ or has CE Certification. Boats ordered with 220V/50 cycle electrical systems will have the appropriate appliances in the corresponding voltage.*

COCKPIT LAYOUT

CABIN LAYOUT

# SUNDANCER<sup>®</sup> 260

Savor every minute with the Sundancer 260. Designed to encourage long, leisurely days on the water with loved ones, it's packed with amenities and options to ensure comfort and convenience. A convertible V-berth offers cozy napping or overnighting, while a spacious cockpit with ample seating offers endless views of the horizon, the waterline, or the conversation at hand.

The V-berth seamlessly transitions from an intimate dining room into a cozy sleeping space. The wood-grain table is easily converted into a plush bed—just use the 260's cushions with dedicated storage when you're ready to tuck in.

What good are finely threaded textures and expertly appointed finishes without a spotlight to let them shine? The 260 boasts solid-surfaced counterops, multi-tone vinyl and gleaming fiberglass finishes that pop under the cabin's expansive skylights and hullside windows.

The full fiberglass stand up head includes a convenient portable head or optional VacuFlush<sup>®</sup> head with holding tank.

The 260's superior drivability is the result of Sea Ray's unmatched definition of "standard." With a powerfully rugged MerCruiser sterndrive, a fully functional helm, and standard SmartCraft<sup>®</sup> diagnostics, chart new waters with confidence.

That seemingly endless expanse of glittering water is pure inspiration. That's why the 260 features a full-beam, expansive swim platform plus an aft seat that converts to a plush and roomy sunpad for unobstructed views.
